Step 3. Run the Octoplus Suite software. Choose the **Support & options** tab

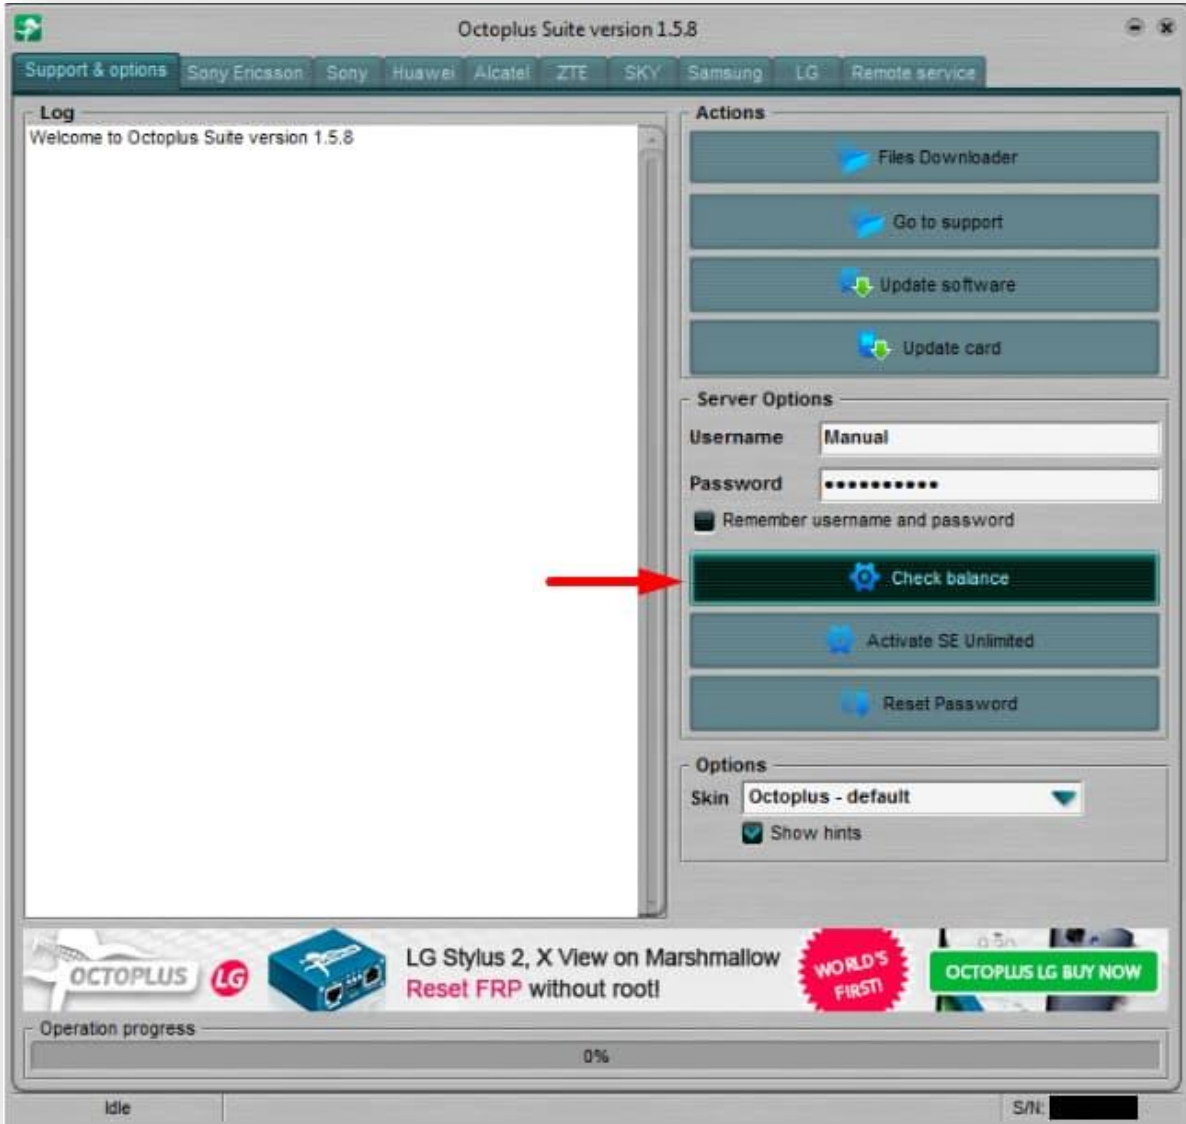

Step 4. Copy and paste your username and password (sent to your email with purchase confirmation letter)

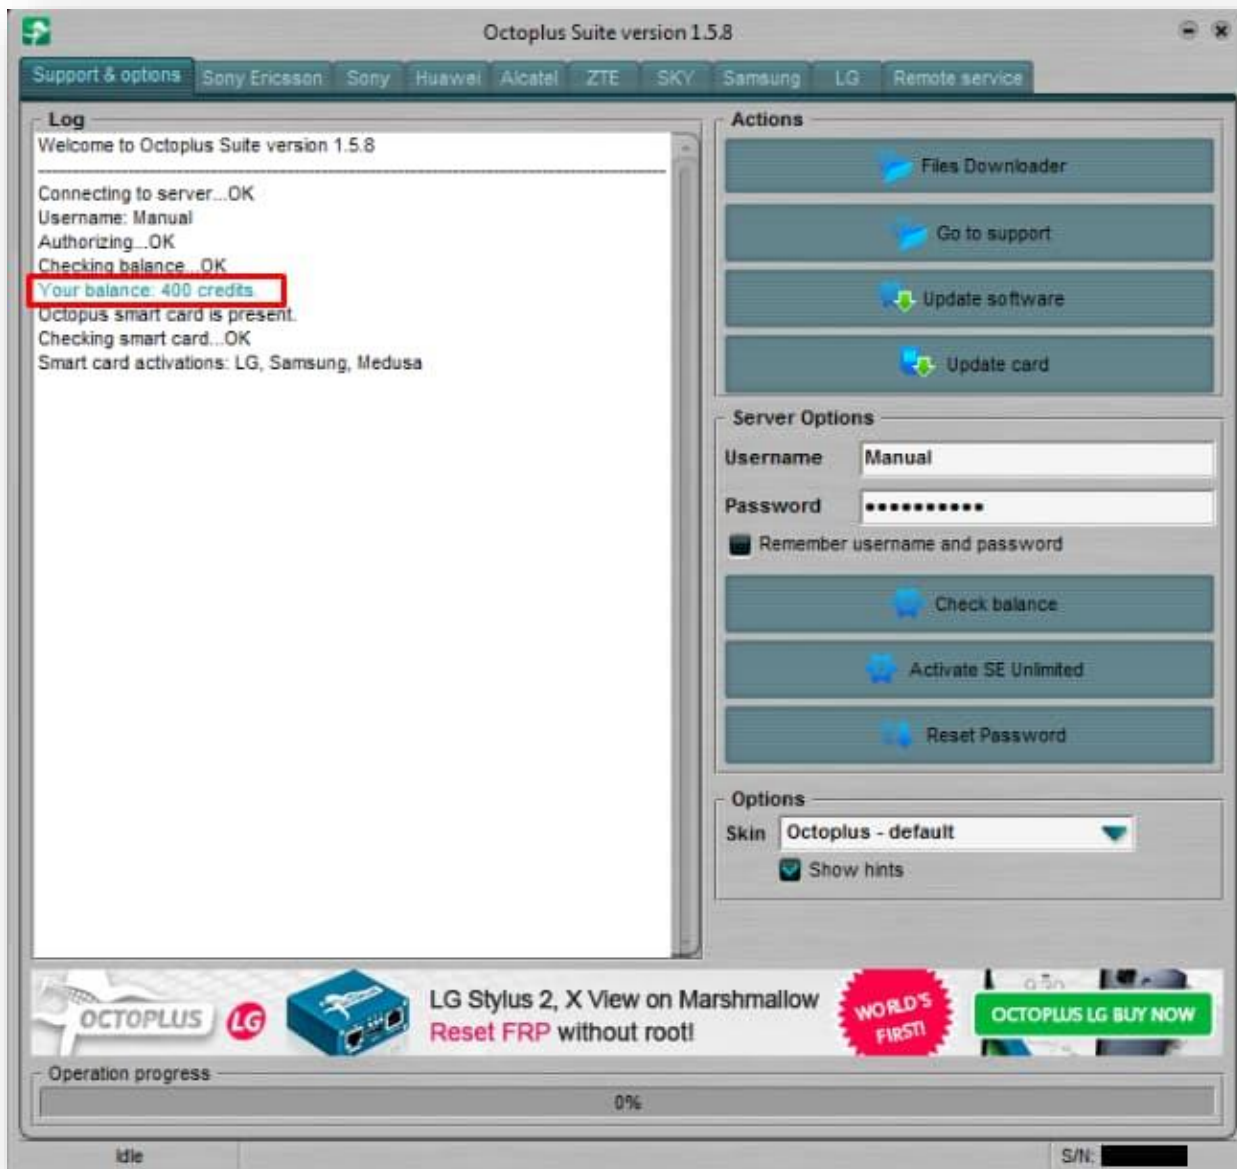

Step 5. Click the **Check balance** button

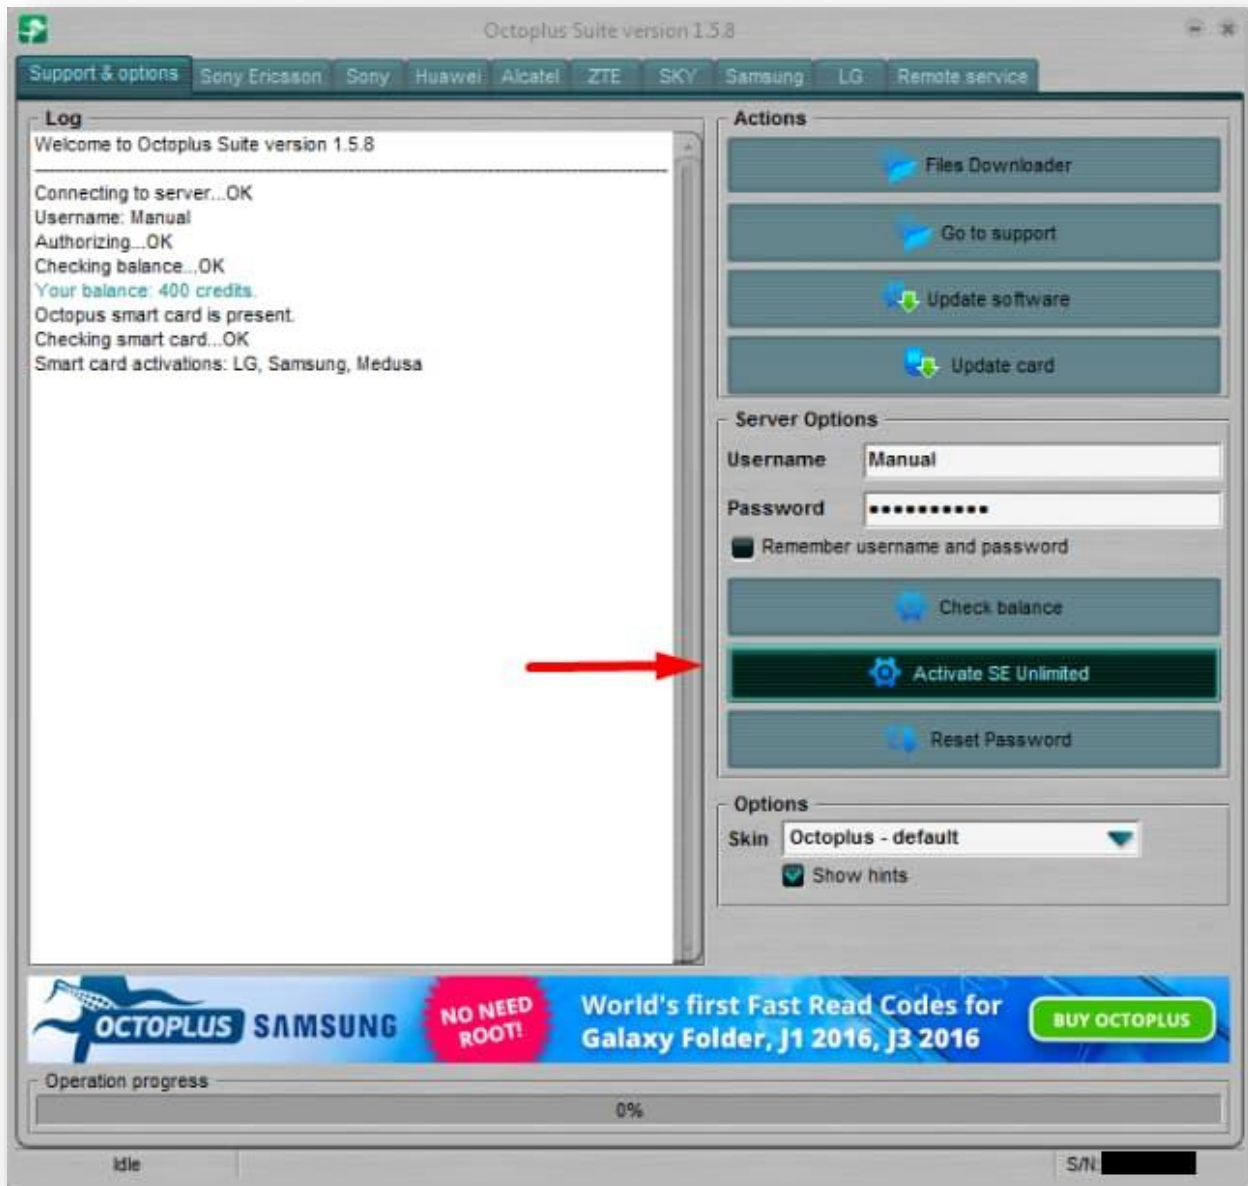

Step 6. Make sure you have **400 credits** on your balance

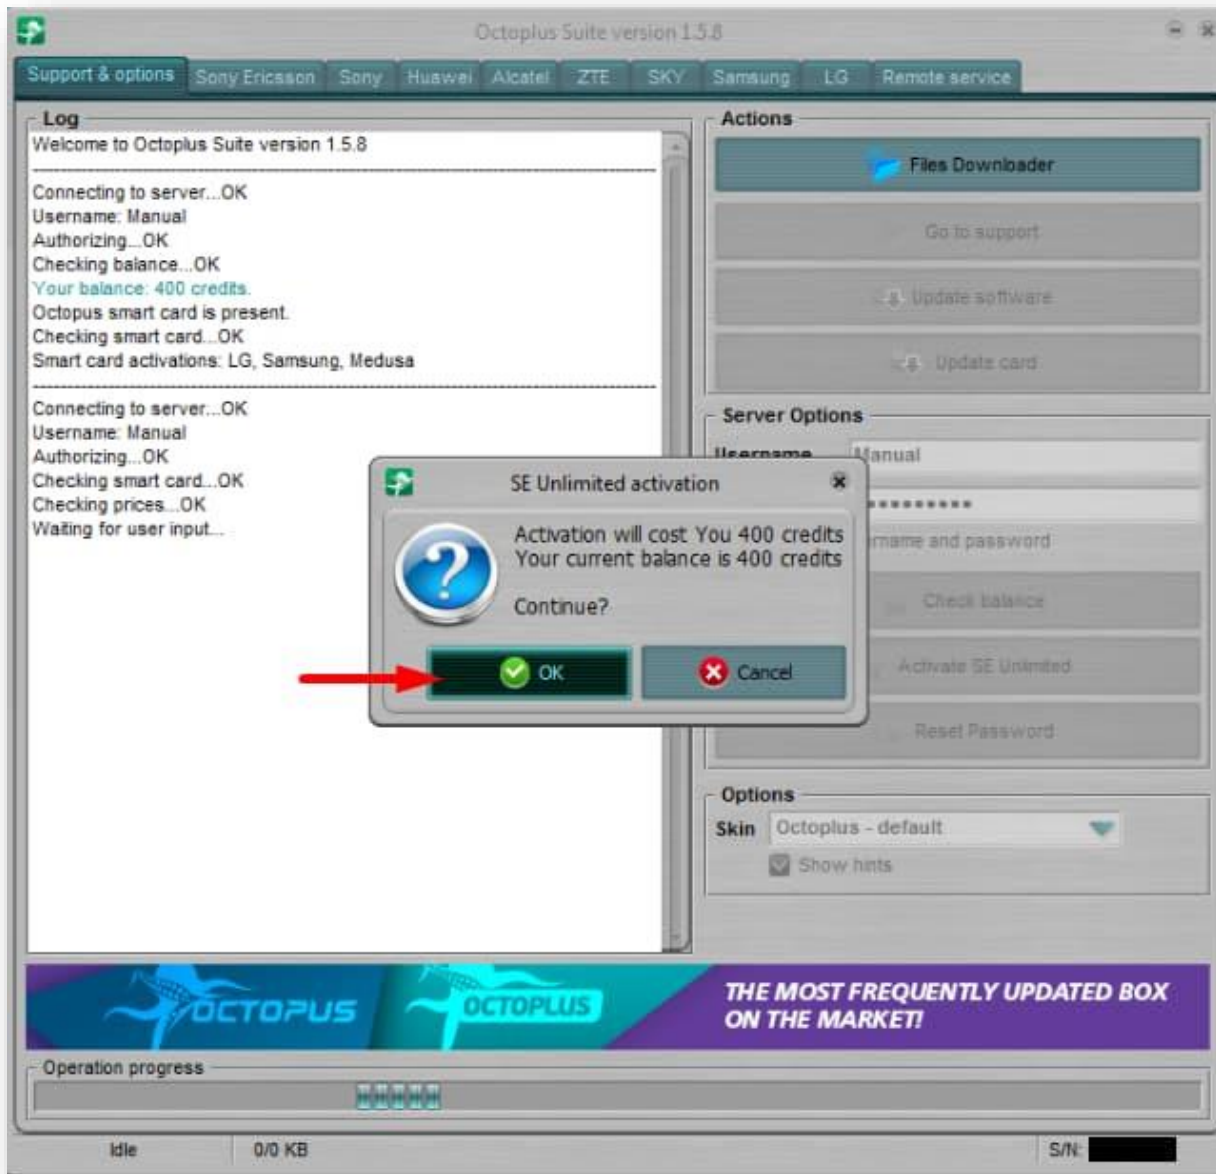

Step 7. Click Activate SE Unlimited

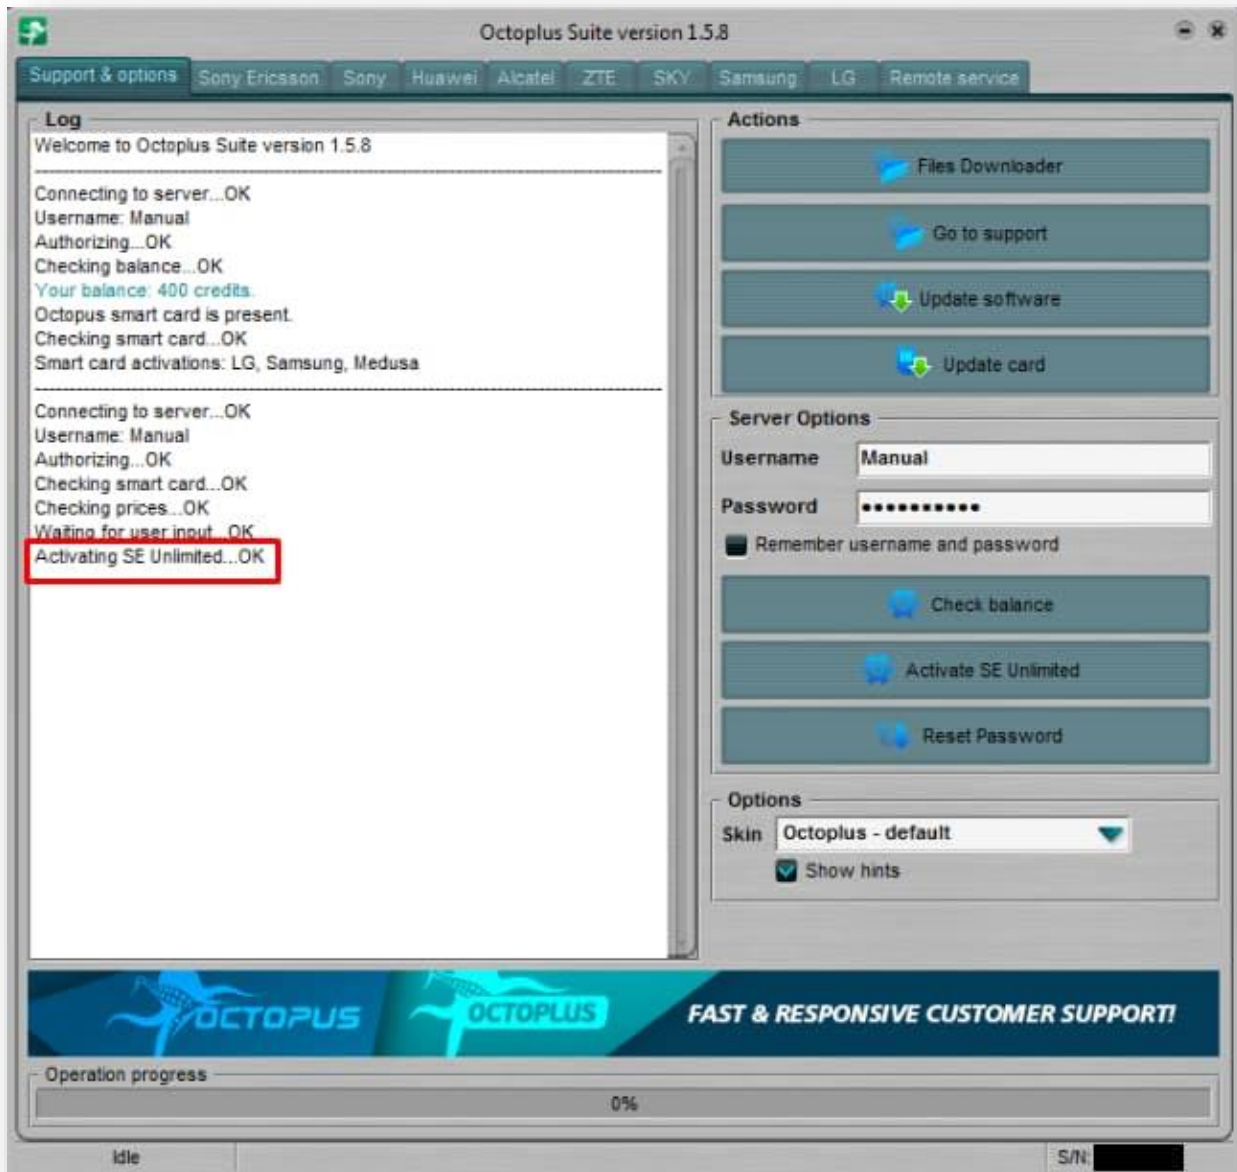

Step 8. Press the OK button to continue

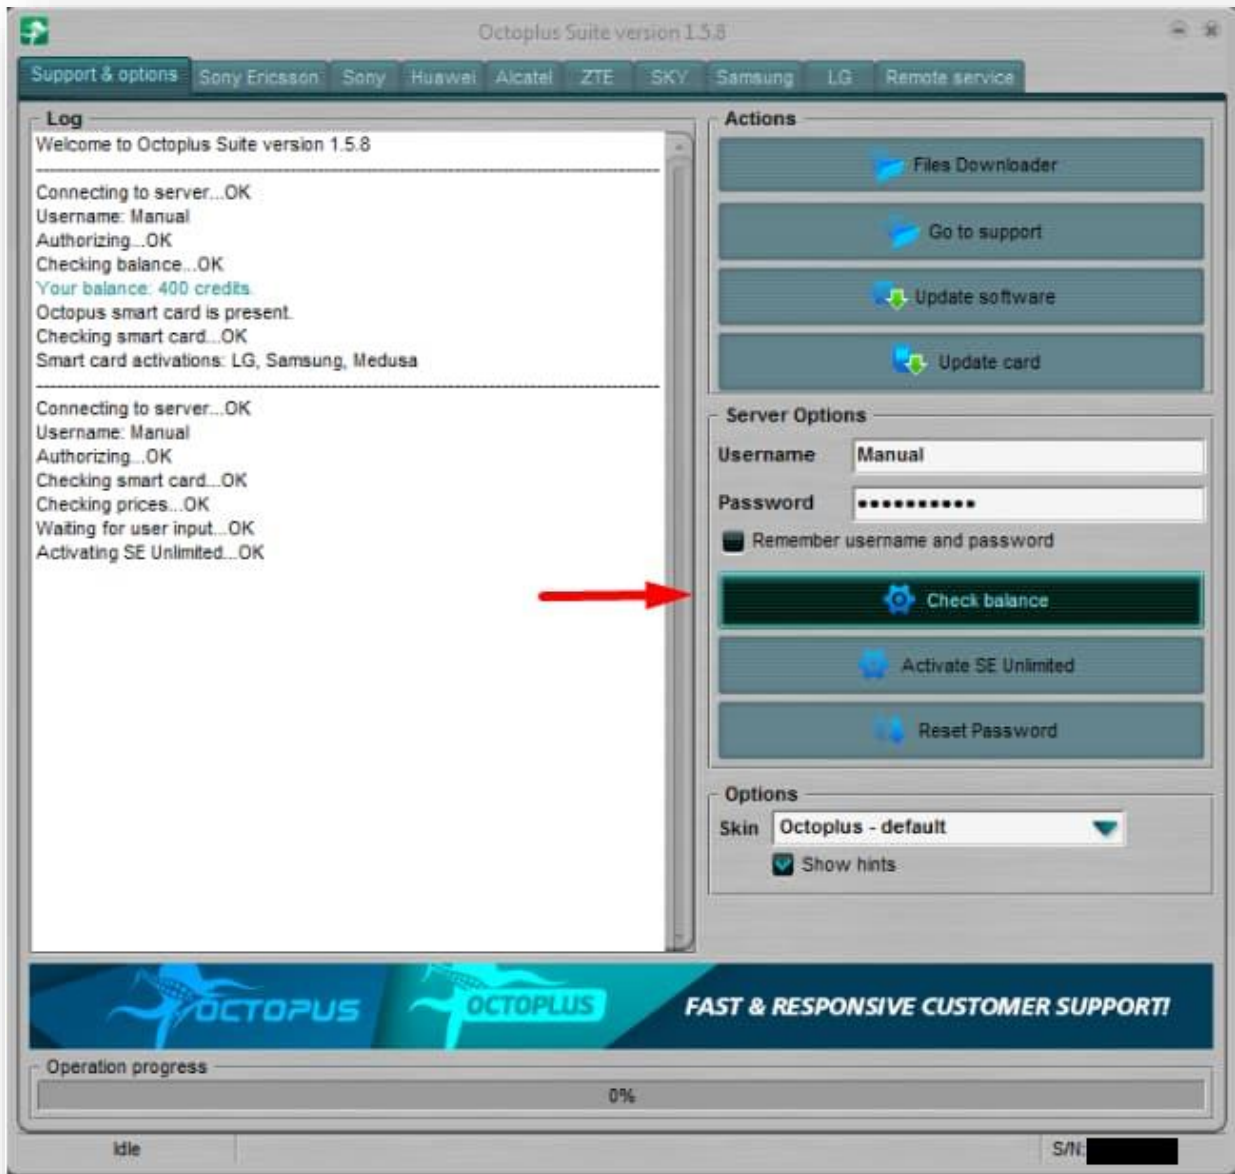

Step 9. Wait for the activation process to complete

Step 10. Click the **Check Balance** button again

Done! Activation process is completed!

The screenshot shows the Octopus Suite version 1.5.8 application window. The interface is divided into several sections:

- Support & options:** A menu bar with tabs for Sony Ericsson, Sony, Huawei, Alcatel, ZTE, SKY, Samsung, LG, and Remote service.
- Log:** A text area showing three entries of successful server connections and smart card activations for LG, Samsung, and Medusa. The balance is shown as 400 credits in the first entry and 0 credits in the third.
- Actions:** A vertical list of buttons: Files Downloader, Go to support, Update software, and Update card.
- Server Options:** Fields for Username (Manual) and Password (masked), a checkbox for Remember username and password, and buttons for Check balance, Activate SE Unlimited, and Reset Password.
- Options:** A dropdown for Skin (Octopus - default) and a checkbox for Show hints.
- Footer:** A banner for OCTOPLUS LG featuring a blue device and the text "LG X Style, K10, Stylus 2, X Cam, Fx0! WORLD'S FIRST SUPPORT!". A "BUY OCTOPLUS LG" button is also present.
- Operation progress:** A progress bar at the bottom showing 0% completion.
- Status:** The word "Idle" is displayed on the left, and "S/N: [redacted]" is on the right.
